

DING HE

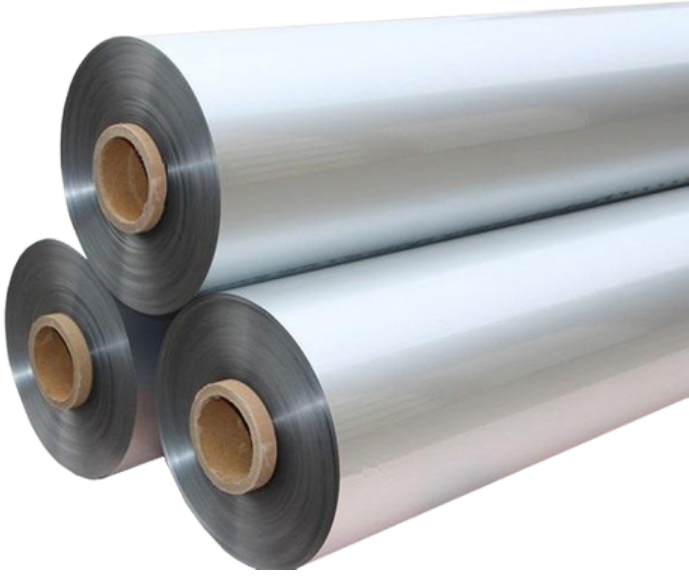

The packaging material supplier

Packaging Materials

Product Catalog

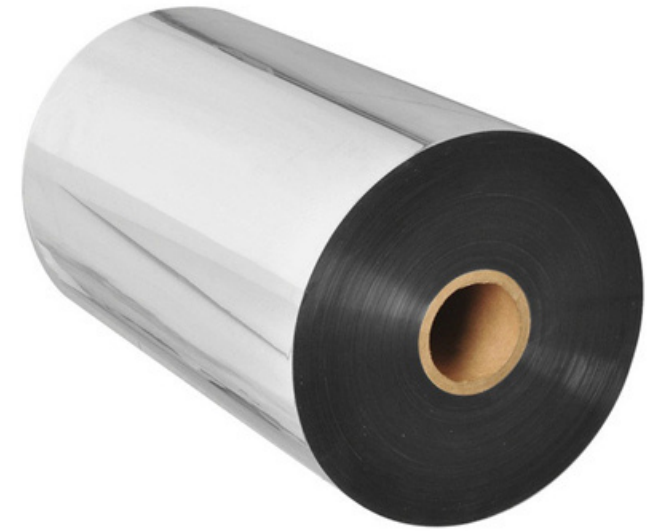

Aluminum Laminated PET Series

Aluminum Laminated OPP/NY Series

Metallized PET Laminated Series

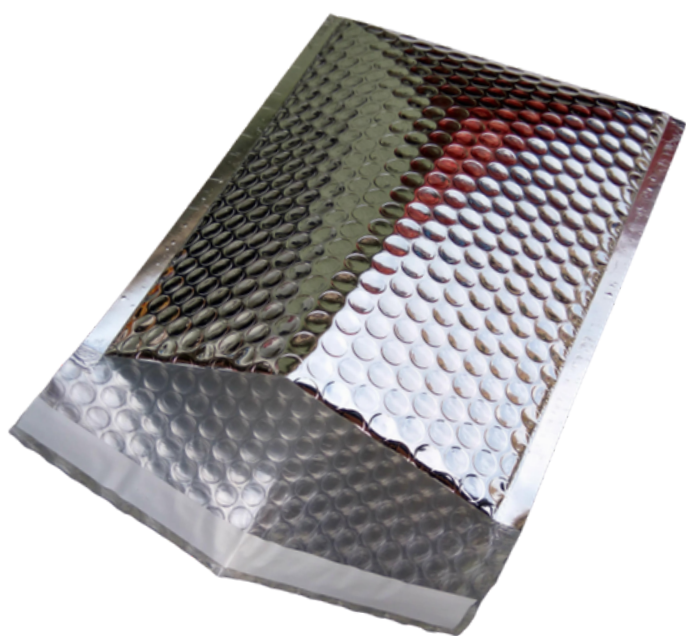

PE Coating Metallized PET

PET Laminated series

Aluminized bubble mailer

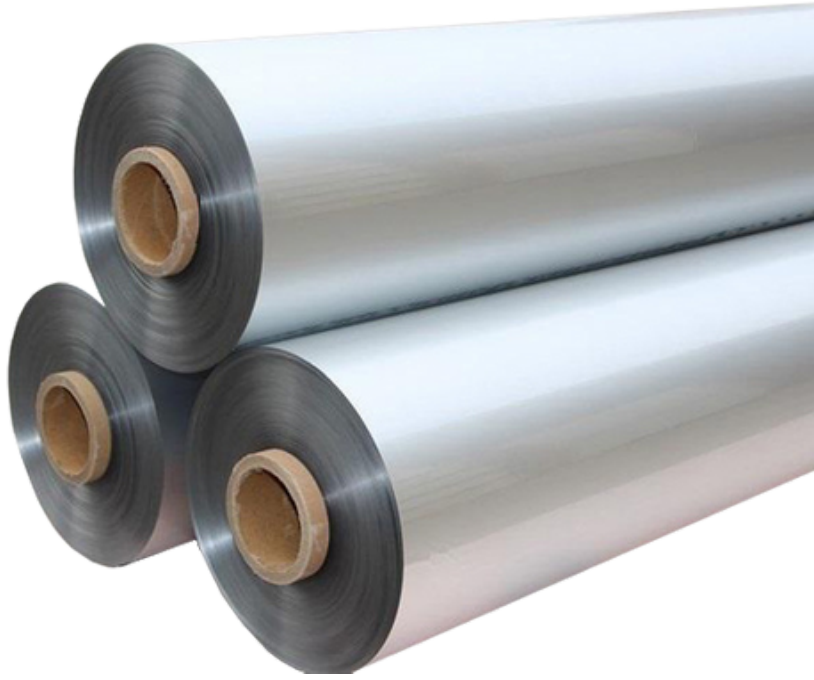

Aluminum container liner

Aluminum pallet cover

Aluminum Laminated PET Series

- No burrs, scratches
- Smooth surface
- Reliable sealing
- Water and moisture resistance
- Puncture resistance
- Resistance of the static
- Resistance of electromagnetic interference
- Resistance of Oxygen and light
- Customized size

Specification

Structure	PET+AL+PE/ CPP	PET+AL+NY+PE/ CPP
Thickness	0.08mm-0.15mm	
Width	10mm-1.5m	
Inner diameter	3inch (76mm)	
Outer diameter	Depending the length	
Packaging	Carton, pearl wool, pallet	

Aluminum Laminated OPP/NY Series

- No burrs, scratches
- Smooth surface
- Reliable sealing
- Water and moisture resistance
- Puncture resistance
- Resistance of the static
- Resistance of electromagnetic interference
- Resistance of Oxygen and light
- Customized size

Specification

Structure	NY+AL+PE/ CPP	OPP+AL+PE/ CPP
Thickness	0.08mm-0.15mm	
Width	10mm-1.5m	
Inner diameter	3inch (76mm)	
Outer diameter	Depending the length	
Packaging	Carton, pearl wool, pallet	

Metallized PET Laminated Series

- No burrs, scratches
- Smooth surface
- Reliable sealing
- Water and moisture resistance
- Strong strength
- Metal color
- Cheap cost
- Customized size

Specification

Structure	MPET+PE	MPET+Woven fabric
Thickness	0.05mm-0.16mm	0.006mm+60g/80g
Width	10mm-1.5m	
Inner diameter	3inch (76mm)	
Outer diameter	Depending the length	
Packaging	Carton, pearl wool, pallet	
Noted: the different material with different thickness could be customized		

PE coating Metallized PET

- No burrs, scratches
- Smooth surface
- Reliable sealing
- Water and moisture resistance
- Strong strength
- Metal color
- Cheap cost
- Customized size

Specification

Structure	MPET+PE
Thickness	0.009mm-0.015mm
Width	10mm-1.5m
Inner diameter	3inch (76mm)
Outer diameter	< 650mm
Packaging	Carton, pearl wool, pallet
Noted: the different thickness could be customized	

PET Laminated series

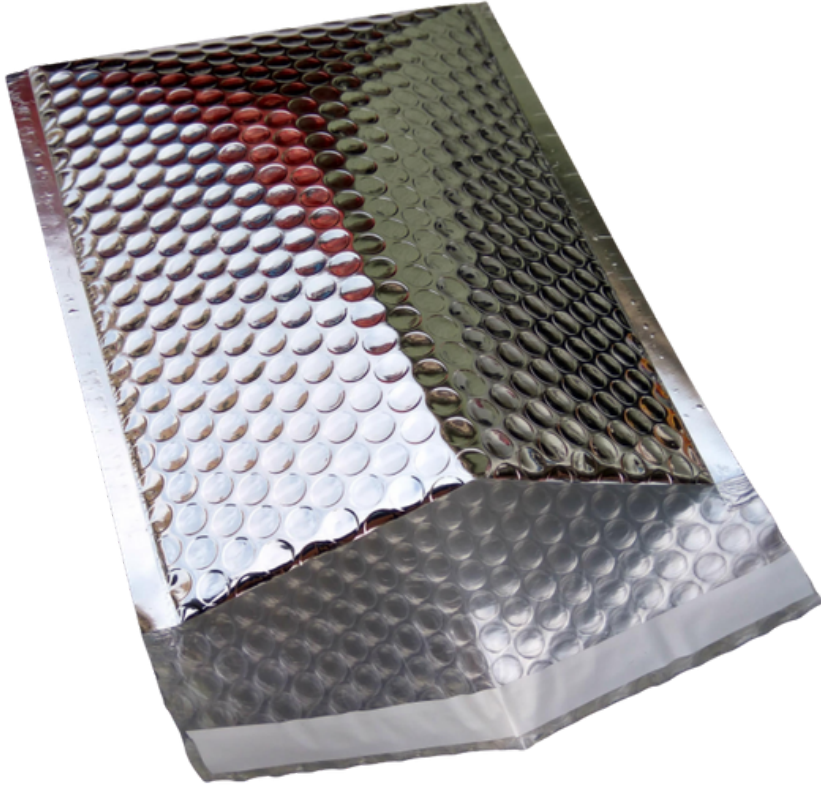

- No burrs, scratches
- Smooth cutting
- Transparent
- Water and moisture resistance
- Strong tensile
- Cheap cost
- High flexible
- Customized size

Specification

Structure	PET+PE	OPP+PE	PET+CPP	OPP+CPP
Thickness	0.05mm-0.15mm			
Width	10mm-1.5m			
Inner diameter	3inch (76mm)			
Outer diameter	Depending the length			
Packaging	Carton, pearl wool, pallet			
Noted: the different material with different thickness could be customized				

Aluminum bubble mailer

- Water and moisture resistance
- Strong sealing
- Quakeproof
- Crush resistance
- Beautiful shape
- Guard against theft
- Customized size

Specification

Structure	Size (Length*Width+Sealing area)
PE+Aluminized+Bubble	110*130+40
	140*160+40
	150*130+40
	150*180+40
	180*230+40
	200*250+40
	240*280+40
	250*300+40
	290*360+40
	350*450+40

Noted: the different material with different thickness could be customized

Aluminum container liner

- Water and moisture resistance
- Insulation
- Heat preservation
- Shock absorption
- Sound absorption and noise reduction
- Energy saving
- Soft and easy to install
- Customized size

Specification

Structure	PET+AL+PE/PP	PET+AL+NY+PE/PP
Thickness	0.08mm-0.16mm	
Width	10mm-1.5m	
Inner diameter	3inch (76mm)	
Outer diameter	Depending the length	
Packaging	Carton, pearl wool, pallet	
Noted: the different material with different thickness could be customized		

Aluminum pallet cover

- Water and moisture resistance
- Insulation
- Heat preservation
- Shock absorption
- Sound absorption and noise reduction
- Energy saving
- Soft and easy to install
- Customized size

Specification

Structure	PET+AL+PE/PP	PET+AL+NY+PE/PP
Thickness	0.08mm-0.16mm	
Width	10mm-1.5m	
Inner diameter	3inch (76mm)	
Outer diameter	Depending the length	
Packaging	Carton, pearl wool, pallet	
Noted: the different material with different thickness could be customized
